DIRECTORS OF

Efforts are being made by opponents of the single-unit school reorganization plan recommended for Adams County to appeal the decision of the state Board of Education.

A group of school directors from the Gettysburg Joint System Sunday afternoon was called together in the Gettysburg Area High School by Thomas O. Oyler, former president of the Franklin Twp. board and a member of the Gettysburg Joint Board, to discuss plans for submitting an appeal of the state decision and seeking to have the state board act in favor of the Adams County School Board's recommendation for a six-district plan. The state board's decision, upsetting the county board's recommendation, came March 11. The state decision also assigned McSherrystown and Conewago Twp. to the York County school plan.

SURVEY SUPPORT

The 15 school directors meeting Sunday with Oyler represented Gettysburg Joint, Cumberland Twp., Franklin Twp and Mt. Joy Twp. boards. The meeting was called to survey the board members in an effort to determine the extent of support for an appeal.

Oyler told the group that a Harrisburg attorney has agreed to County have "Buck a Cup" cof- terward, or a loss of \$40,250. represent several other counties fee buttons that went on sale toin the state who wish to appeal day and will be worth a free cup ion as \$62,200 before and \$18,200 16 Countians Get the decisions handed down for of coffee on April 1 which will afterward or a loss of \$44,000. their respective districts. Damage to the property of Harry E. and Mary E. Carbaugh, Gettysburg R. 1, caused by the relocation of Route 15 around Gettysburg, was variously estimated at from \$31,450 to \$44,000 by witnesses in county court this morn-

A jury to hear the appeal of the Carbaughs from the findings of the board of view was drawn earlier this term of court and the trial set for today.

At noon the Carbaugh side of the case had been presented to the jury. The Commonwealth will present its case this afternoon and the jury will decide the amount of damages that should be paid. VARYING FIGURES

A local realtor, Harry D. Ridinger, told the jury he estimated the Carbaugh farm was worth \$66,450 before the taking of land, and worth \$35,000 afterward-a loss of \$31,450.

John Sachs estimated the value before at \$47,000 and afterward at \$10,735 or a loss of \$36,265. Harrison T. Snyder estimated

the prior value at \$67,880 and the

value afterward at \$29,000 or a

Walter Guyette, 73, of 15 Chambersburg St., escaped with bruises Saturday afternoon at 2 o'clock when he was struck by an auto at the intersection of Baltimore and Middle Sts.

Removed to the Warner Hospital in the local firemen's ambulance, he was treated for bruises of the right elbow, left knee and hip.

Borough police said Guyette was walking across E. Middle St. at Baltimore St. from north to south and had almost reached the sidewalk when struck by a car operated by Charles C. Riley, 12 Wade Ave.

Police said Riley's car was headed north on Baltimore St. and attempted a right turn into E. Middle St. Heavy snow on the hood of Riley's car flew up over the windshield at that moment, police said, blinding the driver.

Weatherman May Prevent 2-Man Gemini Trek Tuesday

By ALTON BLAKESLEE

Associated Press Science Writer CAPE KENNEDY, Fla. (AP) - Two finely honed American astronauts prepared today to pioneer some vital "steering" in space Tuesday.

The big bugaboo for the first two-man Gemini flight is having good weather, in several locations, and the outlook is doubt-

Weathermen said the general trend of conditions was improving but they would not commit themselves to a forecast.

Astronauts Virgil I. Grissom and John W. Young are assigned to take complete command of their "Molly Brown" spacecraft and to change its orbit twice - in other words, steer it in space. No one has ever done that before. ESSENTIAL STEP

developing the ability to hook up dren and a half sister, Mrs. Howwith another craft in space. The ard Maring, of Gettysburg. technique must be perfected There will be funeral services

for Young, 34, a Navy lieutenant town, at 1 p.m. commander. Both are experi- In lieu of flowers rememenced test pilots.

busy day today reviewing the aware Co. Memorial Hospital, essential steps of their flight Drexel Hill. and how they would perform several scientific experiments. Bookmobile Will Mainly, this Gemini flight is intended to prove out all the intricate systems in their spacecraft and its purposes.

On a cool, windy Sunday, they ined by a medical team, with this week to a score of county spent four hours being exam-Dr. Charles Berry pronouncing communities. The first is schedthem in excellent condition. The back-up crew of Walter M. Schirra Jr. and Thomas P. Stafford passed with the same at 2, Cashtown at 3:15, Orrtanna at 4:45 and Fairfield at 6:30 cheering verdict.

Later, Grissom and Young took further training on a flight simulator.

Ships and airplanes and some communications centers carried out exercises of all their duties to pluck the "Molly Brown" and its space twins from their expected landing at sea.

Everything appeared set except the weather, which has to meet certain minimum requirements of cloud cover, wind and wave height at several areas.

There is not only a need for pretty clear weather at Cape Kennedy, but also in the area bring the astronauts down.

Will Visit Mount Ralph Hikes and Fremont Kuntz.

On March 24, 25 and 26, the aviation officer information team will be at Mt. St. Mary's student center at Emmitsburg to counsel students interested in a commission in naval aviation.

There are several programs available: Graduates can qualify for pilot or observer officer training; men with 45 semester hours may apply for cadet or summer training programs.

Written examinations will be given to interested students.

Sketches

By BEN BURROUGHS "CREDIT WHEN IT'S DUE"

It always does a lot of good . . to hear some sincere praise . . . for words of true encouragement . . . set sparks of hope ablaze . . . to hear a person say "well done" . . . and say it from the heart

. . . can lift a waning spirit . . . and make the blues depart . . . from time to time we all are prone . . . to crave some admiration . . . just an honest phrase or two . . . can bring us great elation

. . . thus, as you travel through this life . . . give credit where it's due . . . and a measure of it . . . will come back to you . . . remember life's a two-way street . . . we have to give to get . . . the sorrow-ful weed of jealousy . . . only grows regret.

Life being what it is (see your daily paper), every day, lawyers and trust officers have to step in and handle the affairs of some good citizen who is suddenly no longer with us. Thoughtful folks, fully intending to live another 50 years or so — but well aware of what happens all around us - have already visited an attorney and had him draw their Will. And many name the Gettysburg National Bank as executor of their estate, for this institution unlike the rest of us - will go on forever and always be ready to carry out the Will's instructions to the letter! One thing, however, that even these wise folks sometimes forget: time changes everything! Review your Will periodically. Does it reflect your current thinking . . . has the status of a beneficiary changed with the years? If you have an out-of-state Will, have you had a Pennsylvania attorney make sure it meets the very specific Pennsylvania codes? These are important questions - so get your legal checkup — soon! And remember, if our trust specialists can be of help, we will be glad to sit down with you and your lawyer and discuss the practical aspects of estate administration.

the Sunday worship services and ternatives."

WASHINGTON (AP) - Em-National Interagency Council on Smoking and Health, endorsed today congressional moves to put "a clear health warning on cigarette packages and in all cigarette advertising."

"Cigarette smoking represents a totally unique peacetime hazard to life and health," Foote said in prepared testimowarnings on cigarettes.

The tobacco industry maintains there is no solid proof to claims that cigarettes are a health hazard.

Foote was accompanied by Dr. Harold Diehl, vice chairman view. of the council and dean emeritus of the medical sciences at the University of Minnesota. He presented the committee with a battery of medical testimony by such groups as the American Cancer Society, the American tional Tuberculosis Association.

FOR STAGG ON

STOCKTON, Calif. (AP)-"Winning is never worthwhile unless something nobler and finer is behind it. When I reach the soul of one of my boys with an idea or an ideal or a vision, then I think I have done my job as a

Amos Alonzo Stagg spoke those words in years long past, and they became part of the eulogy Sunday at funeral services for the grand old man of football who died last week at 102 years of age.

His boys were there, some of them grandfathers several times over. Nelson Norgren, captain of the University of Chicago team in 1913 reminisced over the Big Ten championship won by the

Maroons that year. IN METHODIST CHURCH

Kyle Anderson, who played for Stagg in 1925-27, recalled the first man-in-motion plays, and Fritz Crisler, athletic director at Mich-

ated at the services in the new Central Methodist Church where only one week before the church Bible had been dedicated in the names of Mr. and Mrs. Stagg.

"Competition is the life of "Competition is the life of sports," said the Rev. Mr. Herrell, "and Mr. Stagg was highly competitive. Competition, however, in his view, was not for the purpose of beating someone down; rather it was a way of bringing the best out of every player. He fought to win but this tion of excellence.

Among household devices now and just waiting wider public acceptance are sensors to be Use of electronic brains to keep spotted through the house to matically.

Now you can have SPRINGTIME IN YOUR HOME the whole year round

Count all the wonderful benefits you get with electric home heating and air conditioning!

1 One energy source for all your needs! Everything in your homeheating, cooling, lighting and appliances -can be run by modern, efficient flameless electricity.

A comfortable, healthy environment! Automatic humidity control adds moisture to the air, or removes it, to ensure just the right amount for a wonderful feeling of well-being. In addition, proper humidity balance keeps furniture from drying out or warping, and reduces mildew. And many people feel that it also helps to reduce the chances of catching a cold.

3 Peace of mind and satisfaction! You'll be able to sit back and enjoy the even comfort of a springtime atmosphere year-round. In winter, flameless electric heating does away with cold drafts and sudden blasts of heat. In summer, flameless electric air conditioning provides gentle cooling action and removes pollen and other foreign matter from the air.

A home that keeps clean! Because electric comfort conditioning uses no fuel, but only clean, modern flameless electricity, even light-colored walls, draperies and furnishings will stay new-looking season after season.

and the state of t

6 Proper insulation for any climate! The working partner of flameless electric comfort conditioning is full insulation, conforming to the all-weather comfort standard for your location. In addition to increasing the value of your home, this is your guarantee of lower operating costs and greater comfort.

6 Your fuel dollars don't go up the flue! Because electric home heating is flameless there's no need for any furnace flue to waste heat. You get a full dollar's worth of heat for every dollar you spend.

Room-by-room temperature control! With most types of electric heating, thermostats in each room throughout your house let you select the degree of heating you want-when and where you want it. Bedrooms, for example, can be set at one temperature while living areas are kept at another.

8 Quiet operation! Because electric equipment uses few or no moving parts, it's quiet as can be. There are no banging, clanking, hissing, or rumbling on-off noises.

Extra space for living! By installing or converting to electric comfort conditioning, you can free up space for a family room, recreation room, workroom or den.

Whether you're planning to modernize, build or buy, flameless electric comfort conditioning suits any style or type of home

For example, more than 3,300 families in the Met-Ed area now heat their homes electrically.

A Reddy Kilowatt Recommended Electric Home Heating Dealer will be glad to give you more details on electric comfort conditioning. He will also tell you about his written guarantee of operating costs on electric heat ... or call us.

A Lovelier You

By MARY SUE MILLER

In hairstyling, the teased bubble has burst. It's absolutely finished. Lanky lengths are about a.m. till midnight.

to go. The neat, small youthful 10:00-News head is on the upswing. And 10:05-Serenade in the Night there's much to be said for it.

Its versatility is endless. The 11:00-World Report hair may be shaped to hang 11:10-Local News, Sports ctraight or to swirl smoothly 11:20—Serenade in the Night around the head, movements that 11:30—News are ideally suited to the carefree- 11:35-Serenade in the Night teen, pop-art and travel sets.

For the less adventuresome. hair is cut in layers to provide a bit of height on the crown, bodied wave, free form curls and a tidily tapered napeline. Arrangements of waves and curls is an individual matter, governed by personal flattery and tastes. It allows for the exposure of a queenly throat or a pearly ear, for luxurious bangs or a bared brow.

If the haircut is expert, any version of a short styling is easy to manage. A body permanent could prove an adjunct, as could an electric roller.

But remember, the finished effect is no more a set look than t is a disordered mass. The 8:25-Weather Report hair should swing in a breeze and 8:30-Sports snap right back in place. The idea 8:35-Morning Show is naturalness with hidden con-

At this point you may well wonder how close-to-the-head hair can be converted to a dramatic "do" for glamor occasions. Well, what's 9:30-News wrong with a little wiglet or a 9:35-Music in the Morning few tuck-in crown curls? That 10:30-News way your hair swings by day and 10:35-World This Morning by night, without fuss!

RULE YOUR WAVES What's your hair problem? 11:05-Music in the Morning You'll find a way to overcome it 11:30-News in my 16-page booklet, RULE 11:35-Farm Journal YOUR WAVES.
